

Sending your product for repair is as easy as, 1- 2- 3

Thank you for choosing Eagle Optical for repairing your Loupes / LED headlight

1. Identify your product by taping a business card or address label to each component.

We receive many parts each week, so it is important to be able to identify yours.

* If sending your LED, include your charger, battery pack, & headlight. Do **NOT** send your loupes.
(There are many LED's. We may need your specific charger in case your battery needs charging after shipping).

* If you are sending loupes, please do **NOT** send your headlight.

2. Include the following contact information:

Name _____

Return Shipping Address _____

USA Addresses only

Problem Description _____

Phone number _____

Email address (For Invoicing) _____

3. Ship to the address below: (using the carrier of your choice FedEx, UPS, or USPS.)
